

Data Space Kickstarter: Decision Makers Workshop

We start with the status quo to see where you are at, then move to an example in machine building to see if you relate, and finally close with how easy it is to get started once you do.

[FROM THEORY TO
PRACTICE]

How industrial dataspace
moves from Excel to
operations

Niklas – Cofinity-X

[MACHINE AAS
INTEGRATION]

Understanding machine-
building landscape.

Patrick – SICK

[TRUSTED DATA FOR
AGENTIC AI]

Your data, external agents
– who controls access?

Malte – Think-IT

Andreas – Nexyo
